8) The grade pay of Rs 200-10 300-25 -500 was sanctioned for the Assistant Health officers of the Corporation on the understanding that Medical graduates with D P H qualifications would be appointed to these posts out of the three Assistant Health officers now working, two posts the above qualifications & the third place should go to a person with a much lesser qualification as now proposed, it would naturally have a demoralising effect on others in the Cadre

9) Further if Sri B N Chennarayappa should be elevated to class 2 as recommended by the Corporation it obviously gives him a claim on this score to ask for some preference on reasons to the present Department & would then be difficult either to reject such a request made by him or to accede to it over the head of his seniors

10) Should Sri B N Chennarayappa on the other hand be rejected this case then it follows that he should be given up by us leaving for appointment in the Service of the public Health Dept possessing the requisite qualifications

Promotion of Sri Channarayappa, as II class Health officer in Bangalore Corporation

Letter No C E 3-766 & 23/12/52 from the D P H in the matter

If the report is submitted for perusal it is seen therefrom that there are four III class officers above him, waiting for promotion as II class Health officers. The D P H says that the promotion of Sri Channarayappa as II class officer may be made as personal to him as long as he serves in the Corporation & that this does not therefore jeopardise the position of the other officers in the P H D. He further says that no qualified II class Health officers could be spared, as the Dept is already short of hands. As regards the suggestion that whether the senior most III class Health officer may not be posted to the Corporation vice Sri Channarayappa, the D P H is of opinion that it is a matter for consideration of the Corporation as to whether they are satisfied with the officer or not

6133 / 7576 Promotion of Sri Chennarayappa as Health Officer in Bangalore Corporation

20 In view of what the D P H has stated now, the point for orders is whether the proposal of the Corporation as noted at 'A' in para 13 above may be approved and if so, whether this may be made personal to him so long as he remains in the Corporation without prejudice to the seniority of others in the present Dept Ref para 18 above

Promotion of Sri Channarayappa as ~~II grade~~ post Health officer in Bangalore corporation

23) I have carefully considered the matter on principle, the proposal cannot be accepted The post is ~~that of~~ equivalent to a gazetted post and in the health dept, promotions ~~from~~ 2 3rd grade Health officers to 2 nd grade Health officers are regulated & only $\frac{1}{4}$ th of the vacancies normally are available for promotion further the post in question requires both high qualifications & experience which the present person lacks promotions on grounds of favouritism cannot & should not be countenanced &

24) I have to oppose this proposal on another ground also lot of medical graduates have been complaining that neither the govt nor the municipal corporations are prepared to employ them As a matter of fact a large number of medical graduates are now unemployed and every effort is being made to find jobs for them especially as Madras & Bombay governments are not for some reason or other prepared to employ them we cannot let down our medical graduates in any way by preferring a non medical graduate for a post which requires a medical graduate to fill up

25) I am of opinion that Sri Channarayappa may be reverted to Health Dept & a qualified 2 nd grade Health officer posted as soon as we take Health probationers which will be long

26) promotions of this kind have a

demoralising effect & now ~~the~~ are trying
our best to improve the morale of the
Rank & file of the public Servants, approve
of the proposal which will set up very

27) I want to know what the position
would be if ~~Govt~~ the present proposal of

will arise Similarly Complications will
arise if some one who is Senior to

Sir,

Subject:- Promotion of Sri B M Channarayappa, L M P
Third Class Health Officer as Second Class Health
Officer in the Corporation of the city of Bangalor

--

With reference to your letter No L 14610 dated 26th November 1952, I herein furnish answers to questions raised therein

(1) Regarding the Rank of Sri B M Channarayappa - He is the fifth in rank in the existing cadre of third class Health Officers There are, therefore, four Third Class Health Cfficers in the Department above him waiting for promotion as Second Class Health Officers

(2) Regarding the question of discontentment and dis-satisfaction among the Senior Officers, I do not think that the promotion of Sri B M Channarayappa to Second Class will create dis-contentment and dis-satisfaction among his seniors in the Department Such a situation does not arise in as much as the promotion is personal and made in the Corporation for as long as the officer serves in the Corporation and does not therefore prejudice the position of the officers in the Department

In this connection, I invite reference to letter No CE 3-664 /52-53 dated 7th November 1952 a copy of which is herein enclosed for ready reference

(3) (a) Regarding Question No 3 viz , withdrawing Dr Channarayappa from the Corporation and posting in his place another seniormost Third Class Health Officer of the Department - It is a matter for consideration by the Corporation as to whether they are satisfied with Sri Channarayappa or they would like to have somebody else

(b) With regard to sparing a suitable qualified Second Class Health Officer to the Corporation, I invite

2**

your kind reference to letter No C1-10 dated 24 7 1962 in which I have stated that it is not possible to spare anybody from the Departrent as it is already short of hands. A copy of this letter is also enclosed for ready reference

Posting of a substitute in place of Sri H Krishna Rao Assistant Health Officer, under deputation to America

---

In enclosing herewith a copy of letter No B-12/540/52-53 dated 21 7 1952 received from the Commissioner Corporation of the City of Bangalore requesting for a panel of three names of Second Class Health Officers for selection by the Corporation to work as Assistant Health Officer in grade 200-10-300-20-500 during the absence of Dr H Krishna Rao on deputation together with a copy of the resolution of the Standing Committee on the subject I write to inform you that there are at present eight vacancies of Health Officers (including the leave vacancy of Sri H Ramachandra Rao who is granted leave preparatory to retirement from 23 8 1952) Two are on deputationto United States of America, two to Australia and three to Calcutta In addition, there are five vacancies of Health Probationers Government have already been addressed separately for conversion of these into Second Class health Officers' places To carry on the work of the Department,Second Class Health Officers have been posted to some of these places of Health Probationers keeping other posts vacant It will therefore be clear that the Department is at present short by 13 hands

In the present circumstances I am unable to spare the services of any of the Health Officers of the Department

In this connection it may be stated that Government have already been addressed for orders as to the position of the Public Health Department vis-a-vis the Health Staff of the Corporation No orders have so far been received to make it obligatory on the Department to post a substitute during the absence of an officer of the Corporation

I am therefore intimating the Commissioner of the Corporation of the City of Bangalore that it is not possible to post a substitute to the Corporation in place of Sri H Krishna Rao to be deputed toAmerica A copy of the letter addressed to

addressed to him is enclosed for the information of Goverrment.
